

Hello Everybody,

I hope you're all keeping well. It's been a busy week - please see this weeks newsletter:

### **GRW and GRK Partial Opening**

We've been working one to one for quite some time, with some young people who are struggling with the lockdown on our school sites, and this week we opened up our Windsor school for regular classes for a group of pupils - the safety/social distancing/cleaning preparation worked really well. We're preparing to do a similar offering in Kingsley next week - each pupil will get the chance to come in for a session where they'll have access to multiple activities with teachers on a one to one basis. We'll be gradually extending access to both our physical schools ensuring we keep everyone safe. Pupils risk assessments are amended to reflect this and forwarded to relevant councils.

### **Admissions:**

We've been busy making videos to help with the admissions process. We have new videos where I aim to answer the most frequently asked questions about our school day and what it's actually like to go to school with us. We share these with families once they're in the admissions process. We also now have a virtual tour of both schools available on our website [www.thegreenroomschool.com](http://www.thegreenroomschool.com) for potential pupils, for you if you've never been, and for our staff and pupils who are definitely missing being on site.

### **Government Guidance**

Like all schools, we continue to receive a waterfall of government guidance. We are blending this new guidance into our policies and practises on safeguarding, cleaning, social distancing, online practises etc. We've updated our Curriculum Policy to include all the new guidance from the government on Remote Education Practises here:

I'll leave you with a couple of responses to letters we sent to our pupils this week:

Best Regards,

**Jane Nicholls**

School Business Director

I am missing school terrible  
whilst I have been on lock  
down. I've been eating PIZZA lol

Thank you so much for your letter  
it was a nice surprise

I have been ~~not~~ playing Halo, Rainbow  
Six Siege. Which has been fun.

It passes the time I have enjoyed  
on line schooling

hope to see you soon

take care

From your friend

I

Love grk

X X X

Bye
